Eley Final

Dave Couch 2nd in class "A" and Anthony Godden 1st in Class "B"

A special mention for Simon Catling who won his class in the double Dewar and some of the "papers" his excitement and enthusiasm was a wonder to behold maybe it could rub off to get some new people attending.

There are lots of other results on the NSRA web site which has been updated very quickly with results of the papers etc.

The winner of the John Perry Memorial Trophy was Lyndsey Agates of Devon coming 2nd in "A" class

Congratulations to all that attended this year you all tried your best maybe not with the results that we wanted and I think that we suffer because we do not have the chances to practise in windy conditions.
